## Light! Compact! La Mer Folding Handy loom

The folding loom made for us by Ashford Handicrafts Ltd. is ultra-portable, light weight and compact. You can fold the loom into a compact size when not in use and it is so convenient to take it to a lesson or anywhere.

The loom has a lot of useful features, so everyone can enjoy weaving from beginners to experienced weavers. The wooden loom made from Silver beech is assembled with easy to hold handles with a motif of pretty flowers. The loom has a beautiful shape, so it's good for a gift. It comes in two weaving width sizes : 40cm and 60cm.
